

Director's Letter

Dear Friends,

We all know that it takes more than just bricks and mortar to make a church. It takes people of faith, united in fellowship with one another and most of all with God.

At Millers Creek Baptist we are launching out in faith once again through our **Forward in Faith** capital fundraising program. We believe our church can soar to new heights in spiritual growth and stewardship.

The theme of our campaign "Each According to His Own Ability" is challenging to all. By giving sacrificially to meet the financial needs of our church we will be blessed by seeking and doing God's will.

The commitment we make during this campaign will be instrumental to the future growth and the ability of our church to continue meet spiritual needs within our church as well as the community. Together, under God's leadership and direction we should achieve an exciting victory for our Lord.

In His Service,

William Church
Campaign Director
